

American Association for
Psychoanalysis in Clinical Social Work

March 23-26, 2017

Baltimore Marriott Inner Harbor at Camden Yards, Baltimore, Maryland
www.aapcsw.org

This conference will highlight the inextricable link between mind and milieu and the complex relationships between our inner and outer worlds. These perspectives are at the core of social work's emphasis on "person in environment" and the importance of relationship. We invite you to Baltimore, the birthplace of American psychoanalysis and home to many prominent thinkers who embraced the significance of the worlds within and beyond the consulting room. Join us as we explore and expand our contemporary understanding of the mind/milieu dynamic.
